**AMENDMENT**

Dear Sir:

In response to the final Office action of October 6, 2003, please amend the above-identified application as follows:

**In the Claims:**

Please amend claim 31 as follows:

B1  
31. (Amended) A method for dataset pattern analysis for a plurality of target strings, wherein each target string is a dataset and the target strings can be represented by placing marks on points in a multidimensional map such that patterns within each point or between points are extracted visually or mathematically, the method comprising the following steps:
